

## EVERYTHING ALWAYS IS

Everything always is  
As it IS,  
In all ways.

If you have your wits about you—which you do,  
If you're connected with higher power—which you are,  
If your perspective is eternally infinite—which it **can** be,

How you **feel** about **WHAT IS**,  
Becomes a matter of **Choice**.

How you **choose to feel**  
Determines the **quality** of your life.

The choice is yours,  
When you take your power back  
From the material realm.

And why not?  
Nothing out there is permanent.

Have you noticed?
