

DON'T BE FOOLED

DON'T BE FOOLED, Sweet Baby Love.
Let me whisper while you sleep,
While your soul is open,
Deep truths and things to know.

DON'T BE FOOLED by those who spout duality.
They are blinded by their own ignorance.
Appearances deceive, and you are not yet equipped to see your Divinity.

DON'T BE FOOLED that wealth and power will bring you happiness.
Joy is a state of consciousness that originates within your Self.
Nothing outside of you can bring inner Joy.
Hunting for it, out in the world, is useless.
Just go for the *inner* jugular.

DON'T BE FOOLED by so-called "accidents."
When the unexpected startles you, look for the lesson.

DON'T BE FOOLED that your physical body is anything but a vessel,
A vehicle uniquely designed for your soul to learn specific lessons
And greater Love.

DON'T BE FOOLED that time is short.
It only seems that way when you're in a body.

DON'T BE FOOLED that this body is the only one you'll ever sport.
It's a temporary habitat, a throw-down Temple,
But Honor it while you're in it and wear that sucker out,
Every time.

DON'T BE FOOLED that Life is easy.
You must stand strong and be who you are:
Love incarnate - Love discarnate - Love incarnate - Love discarnate,
But not forever doomed to the circle of transformation.

DON'T BE FOOLED that unconditional love is impossible.
Integrate the power of absolute Love,
And you're out of here.

DON'T BE FOOLED that Spiritual Ambition is arrogant.
Arriving at the next level, you will know for sure
That you aimed your divine ambition in the right direction.

ALL other directions Velcro you to the
Whirling wheel of reincarnation.

Again, that was:

ALL other directions end up in Cosmic Recycling.
