

THE PREPARATION

***We must prepare.
We must prepare for all Good things to happen.
Whether or not they come to pass
Depends on our consideration.***

***Preparing, without expectation,
Is the true challenge, but we must do it.***

Oh, that's difficult, Wise One—
Since you teach that ALL is already Good—
How do we prepare for something that already exists?"

Sweet Baby, do you see only Good, all around you, right now?

Well, no.
Given the violence, poverty and disease all over the world,
Seeing the Good side of everything Is nearly impossible,
But I'm trying, really!

That's the preparation.
