

TRUE HUMILITY

True humility is *knowing*
That you do nothing of yourself
And taking responsibility for it,
Anyway.

True humility is *knowing*
That higher powers work you,
Work through you,
Sometimes for obscure Good,
Sometimes for assumed chaos.
Sometimes for no apparent reason at all.

And you ride out the storms
Wearing a crooked little smile,
Taking responsibility,
Making mistakes,
Learning the lessons,
Not doing it again,
Keeping silent,
Minding your own business.
Following your heart.

That's True Humility.
