

## UNDERSTANDING OUR PURPOSE

Understanding that the True Self, our Soul, our Spirit,  
 Permeates a vehicle, a chariot, a body,  
 Expressly designed to perceive and react  
 To the three-dimensional universe for the single purpose  
 of having experiences which shape and mold the  
 personality and determine the values,  
 That demand actions which, when  
 Performed with love and compassion,  
 Will lift the True Self, our Soul, our Spirit,  
 Into higher vibrations.

**Understanding** that our body is the chariot which can take us  
 To “see the face of God”—

**Understanding** that our words, what we see, and what we hear  
 Have more vibrational influence on our bodies than does  
 Anything entering through the mouth—

**Understanding** all *that*, adds a new dimension to your degree of  
 Nurture, Care, Love, and Preparation.

Baby Love, whether or not you know it,  
 You incarnated to achieve ***Illumination***.

So listen to your chariot, for it partakes of  
 Both Heaven and Earth,  
 Both spirit and substance.

Become sensitive to the quality and tone of its resonances.  
*Will to Choose*, to pursue, and to develop its finer frequencies.

What else on Earth is there to do, for *Heaven's* sake?  
 Only ***Spirit*** goes inter-dimensional with you when you leave.

PS: Discernment required.  
 The vehicle is also a bit of a  
 Shape-shifting trickster.
