

## TOUCHING ETERNITY

Now. Now. Now. Now. Now.  
No future think.  
No past think.

That's the definition of Eternity.

Stop thinking.  
Make your mind blank.  
Be still.  
Allow your five senses to perceive,  
    Without narration,  
        Without judgment.  
            That's the experience of Eternity.

Go ahead. Try it out.  
Double dog dare you.

Not happening, Baby Love?

Well, that's OK.  
We don't have the equipment.  
Yet.
